## How to change your life at 60

NORA — Nordic Journal of Feminist and Gender Research, 16 1 , 19-32.

## Feminist participatory action research: Methodological and ethical issues

I quickly became disenchanted with teaching music, however, so I retrained as a PE teacher. It also artfully lays out the reality of women's health as a political issue one that goes way beyond simply understanding how our bodies work. The lived experiences of women with physical disabilities have received little research attention.

## Women and Disability: Personal Experiences and Stories of Women with Disabilities

Venus on wheels: Two decades of dialogue on disability, biography, and being female in America. Women can develop skills through understanding one another's experience and dealing with the feelings that experience has created. Frank was 28 years old, DeVries, 26.

## Socialist Feminism: A Strategy for the Women's Movement

As events move quickly to clarify social forces as declarations of war, arrests, economic hard times, increased divorce rate, etc. We also considered welfare but here, too, we did not have the initial base for our first project. But this hardly covers a fraction of what we do and say and think, and the authorities in our life do not always agree.
