after a pair of standoffs with Clive Bundy-backed militias in Nevada and Oregon. Other Tribes may currently lack the capacity to create a tribal water program, to administer a program, or to expand programs that currently exist, and may rely on the Federal government for enforcement of water quality violations.

Top 5 Public Policy Issues in Each State

When noncompliance conditions exist, safety findings are generated, coordinated with the appropriate parties for correction and tracked to closure.

Evaluation Report on Various Completed Channel by Edward E. Dale Jr., Thomas M. Buchanan et al.

However, commitments by private enterprise to remedy such damages are discouraged by the prospect of civil liability based upon rigid application of state water quality standards to the enterprises activities.
