**OU College of Medicine > Academic Departments > Pathology > Clinical Divisions > Anatomic Pathology > Pediatric Pathology**

The Department offers exposure to all aspects of pediatric pathology. The goal of the Pediatric Pathology fellow will be to gain competency, proficiency and diagnostic excellence in the practice of Pediatric Pathology.

### **Pediatric Pathology Fellowship**

The following should be sent to Eduardo Ruchelli, MD. The Department of Pathology is pleased to offer an ACGME accredited fellowship in Pediatric Pathology.

**OU College of Medicine > Academic Departments > Pathology > Clinical Divisions > Anatomic Pathology > Pediatric Pathology**

In the interesting case conference, the fellow presents cases around the multi-headed microscope and discusses the differential diagnosis.

### **Pediatric Pathology — PathElective**

The fellow must be alert for procedures likely to require a frozen section diagnosis.

### **Pediatric Pathology Fellowship Program**

Special handling is necessary for some studies; therefore, it is advised to call ahead for specific requirements. The perinatal pathology rotation takes place at Northwestern Memorial Hospital, where approximately 3,500 placentas and 100 perinatal autopsies are evaluated annually.

### **Division of Pediatric Pathology**

Services Diagnostic services for patients at Oklahoma Children's Hospital, including the pathological evaluation of biopsies, surgical specimens, and autopsies Placental and comprehensive fetal and perinatal postmortem examinations Consultation services for pediatric tumors, pediatric liver

diseases, Hirschsprung disease, and other difficult or unusual cases Additional clinical information: Pediatric Pathology Oklahoma Children's Hospital 1200 Children's Ave Oklahoma City, OK 73104 Telephone: 405 271-5005. Managerial aspects in Pediatric Pathology are included in our training, covering quality improvement and compliance practices, which should help them in becoming leaders in the specialty. The first year of training is primarily devoted to clinical work.
