This type of dichotomy between the normal and the abstract is what makes Hyouka a very unique experience. The characters all show a wide spectrum of emotion and get disappointed or angry depending on the situation despite problems with the aforementioned overdramatization or joke around and playfully criticize one another when things are going well.

Hyakkimaru

In some visions, he also appeared as a snow bird, a swallow, a horse, a dog, a night hawk, a frog, or a dragonfly.

Character- Now the true reason this anime is so enjoyable is not only because of the mysteries.

Hyouka

While the early episodes may give an impression of this being formulaic, the characters soon break from the mold and begin to do things that don't strictly pertain to their accepted role and behavior. Original Manga In the original manga, Hyakkimaru has a lot more bravado and is much more self-confident and knowledgeable. Hyouka is an exemplar of how the high school slice of life genre could be achieved as the relationships between our characters are captivating yet incredibly realistic with each action remaining true to the psyche of high schoolers and the ways they make

decisions.

Hyakkimaru

At the start he's very reluctant to expend energy on anything that isn't absolutely necessary which is what causes him to repeatedly rebuke Chitanda for roping him into these situations.

However, the cloak is burned along with the temple afterward. Soon Hyakkimaru parted with Jukai in order to rescue Dororo from and his men. Set during the dull and grey life of Oreki's first year in highschool, the story begins with an important change to his individual status quo — the joining of the school's Classics Club, albeit out of obligation rather than choice.
