

Topics in almost hermitian geometry and related fields - proceedings in honor of Professor K Sekigawas 60th birthday : Niigata, Japan, 1-3 November 2004

World Scientific - Topics in almost hermitian geometry and related fields : proceedings in
honor of Professor K Sekigawa's 60th birthday : Niigata, Japan 1

Description: -

-

Mathematical physics -- Congresses.

Geometry, Differential -- Congresses.

Sekigawa, Kouei. Topics in almost hermitian geometry and related fields - proceedings in honor of Professor K Sekigawas 60th birthday : Niigata, Japan, 1-3 November 2004

- Topics in almost hermitian geometry and related fields - proceedings in honor of Professor K Sekigawas 60th birthday : Niigata, Japan, 1-3 November 2004

Notes: Includes bibliographical references.

This edition was published in 2005

Henssonow 9781428505308 142850530X , Michelle Maddox 9786131978005 613197800X , Lambert M. We believe this will prove useful as a reference for researchers in many different fields, as well as an overview of the current status and future directions of theoretical calculations for ELNES and XANES. The organisers thank the Physics Doctoral School of Eötvös University for its hospitality.

This is two to three orders of magnitude better than for any comparable nearby galaxy, making thus the center of the Milky Way the template object for the general physical interpretation of the phenomena that can be observed in galactic nuclei. It also provided an excellent opportunity to introduce experimentalists to the computational techniques available.
