Richard Hofstadter's Discontents

The binary division of people and special interests also failed to account for the conflict between the white Protestant majority and various ethnic and racial minorities.

Anti

Previous historians took a largely positive view of the Populists, a radical reform movement that attacked the domination of America by plutocrats and bankers in the Gilded Age. Some of it comes out of evangelical Protestantism, which we can certainly see today, but in a sense there is an anti-intellectual quality latent in democracy itself, such as a distrust of elites and people who think they know better than others as well as more than others.

Anti

Anti-Intellectualism in American Life Political Science with a Specialization in International Relations.

Richard Hofstadter: Anti

How did we get here? Further, he applied his theories in a selective way, using them to explain mass movements while discussing elites as if they were almost always purely rational and pragmatic. Hofstadter failed to do so.

Richard Hofstadter: Anti

A liking for philosophy, psychology, and radical politics and for reading the new republic are much less auspicious for marital bliss than a liking for YMCA work, bible study and the American magazine.

Ignorance, Fear, and Democracy in America

Making only glancing references to African American activism—an odd omission in a book on education, given that Hofstadter started writing it in

the wake of Brown v. If his early hero H.
