**An Intelligent Person's Guide to History by John Vincent 9781585678624**

You skip through more than 1000 years of civilization when reading this book and the knowledge you receive is extremely rewarding. I want my future to stretch into the millions, or even billions of years, can't imagine being alive for billions of years. Try to pick up a good book and read on a daily basis.

## 20 Common Characteristics of Highly Intelligent People

When you repeat a fact, you set the wheels of memory in motion again. The only time he brings up these ideas is in the first point, where he discusses a faith in science.

## The Complete History And Future of Robots

Such a state of things may not please at all, but then history was never meant to please.

## Pepper the robot: The smart person's guide

Philosophy allows for alternate truth.

## An Intelligent Person's Guide to History by J.R. Vincent

Napoleon was a genius who strived to conquer the world and was considered a major over-achiever. Additionally, corroboration for Jesus' existence.
