The famed despot behind the mutiny on the Bounty, Lt. William Bligh

Mills taunts Christian after each death, trying to egg him on to challenge Bligh. We know how to survive. The reality was very different as mutineers enslaved Tahitian men.

Mutiny on the Bounty (1962 film)

Carrying a crew of 46, including two botanists, the ship had no commissioned officers except for Bligh and sailed alone, lacking the protection of other British vessels.

The Mutiny of the Bounty

Far from there being any friction on previous voyages, the two had become friends. Christian had sailed with him before without incident or complaint. Bligh coolly shepherded the last of his shore party and their supplies into the boat.

Mutiny on the Bounty (1935)

Again and again, Bligh forced the ship forward, to be repeatedly repelled. Coleman escaped by diving overboard and reached land. Bligh hoped to find water and food on Tofua, then proceed to the nearby island of to seek help from King Poulaho whom he knew from his visit with Cook in provisioning the boat for a voyage to the.

Mutiny on the Bounty (1935 film)

Those descendants still live on the tiny island, which is a British Overseas Territory with a of around 50. Popular accounts of the mutiny depicted Bligh hiding under the bed in the Governor's House during the uprising. When HMS Pandora arrived in Tahiti in March 1791 in search of mutineers, the schooner was confiscated and commandeered to act as Pandora 's tender.
