Addressing the African American Achievement Gap: Three Leading Educators Issue a Call to Action

Investing in every child: An economic study of costs and benefits of eliminating child labour. Our guest presenters share strategies that emphasize family and student connection, promote physical and behavioral health and leverage the power of community schools. Losing generations: Adolescents in high-risk settings.

Physical Safety

Join us as we release a major national study analyzing the data and more importantly, showing how leaders at the local, state and national levels can take strategic action to monitor and address chronic absence in order to ensure an equal opportunity to learn and succeed. For example, for the group of students with only academic risk, counselors may want to work around the following four topics: a examining and developing plans for the coming year expectations to stay in school ; b identifying factors interfering with attendance and generating strategies to improve attendance absenteeism ; c exploring the impact of peers on students' aspiration for higher education percentage of peers going to college ; and d understanding the physical, social, and psychological development of students and increasing a sense of respect for their own body age of first sexual experience. CAI can be doubly effective.

AASA

Kampala, Uganda Ministry of Finance Planning and Economic Development, 2005 : Uganda Poverty Status Report. New Brunswick, New Jersey: Rutgers University Psychology Department. Paper prepared for the National Research Council, Committee on Educational Excellence and Testing Equity Workshop.

Physical Safety

Broadening the conversation One practice that has facilitated this transfer of learning and practice is the inclusion of district colleagues, typically an

administrator leading the district curriculum and instruction efforts or a school principal, in some network sessions. The educational disadvantages of junior high and high school migrant students in Wisconsin. Tucson: University of Arizona, College of Education.

Webinars

These figures include workers with zero earnings.

Physical Safety

Determinants of enrollment of Girls in Secondary Schools in Kenya.
