Turn the key from the run position to the off position and then repeat this sequence one more time within the space of five seconds. Every driver knows the importance of braking system. This feature is my most favorable.

Is Chrysler's PT Cruiser the best worst car of all time?

If the plug wires are over three years old or have gone beyond 60,000 miles, replace those as well. At the same time, they can find puddles of oil under the car and leaks around the oil drain plug.
