## **African Union Commission conducts Malabo Declaration on Agriculture Training of Trainers for Biennial Review process**

The workshop also provided the participants a first-hand experience with the E-BR, which aims to support the BR process through an online platform to streamline the reporting by the stakeholders going forward.

## **Southern African Development Community :: Agriculture & Food Security**

The uncontrolled exposures and the heavy manual work in the informal economy have far reaching health implications to these workers. The evidence contained in this paper was collected through an extensive literature review and from expert opinions elicited during the Ninth International Conference on Community-based Adaptation CBA9 held in Nairobi in April 2015.

## **African Union Commission conducts Malabo Declaration on Agriculture Training of Trainers for Biennial Review process**

The informal economy is riddled with precarious and hostile working conditions that pose a major threat to the OHS of exposed populations.

## **Occupational health and safety in the Southern African Development Community**

Mokgweetsi Eric Keabetswe Masisi, President of the Republic of Botswana and Chairperson of the Organ on Politics, Defence and Security Cooperation. It builds on the existing reporting architecture of the BR including three tiers of reporting including countries, RECs and AUC.

## **From pilots to systems: Barriers and enablers to scaling up the use of climate information services in smallholder farming communities**

Review the structure for delivery of the Strategic Plan 4.

## **Southern African Development Community :: CONSULTANCY SERVICES TO CONDUCT A MID TERM REVIEW OF THE AUABC 2018**

The SADC currently faces varying challenges in OHS service provision. Agriculture and Food Security are also prominently featured in the Regional Indicative Strategic Development Plan. Dr Tax said since most of the SADC citizens depend on agriculture for their livelihoods.

### **Occupational health and safety in the Southern African Development Community**

An effective early warning system is critical as it empowers people, especially farmers, to take appropriate action before the disaster occurs and helps partners to mobilise resources to mitigate the impacts of disasters. During the five days training, the participants undertook a thorough review of the performance indicators captured under the various Performance Themes captured in the Technical Guidelines for reporting.

### **Southern African Development Community :: Agriculture & Food Security**

The SADC Secretariat and WFP signed a Memorandum of Understanding in June 2019, to provide for effective collaboration on food and nutritional security in the region. The main deliverables will be a report on the status of implementation of the strategic plan and report on achievement of results and an ME tool.
