Environmentalism: A Modern Idolatry

God has ordained civil government to restrain and punish evil as defined by Biblical precepts. This involves real, tangible harm for which the offender must compensate the plaintiff.

Marshall Goldman

Another strong point is a rich bibliography that accompanies each chapter.

Three Ways the USSR Was Unintentionally Environmentally Friendly

The list could go on.

Marshall Goldman

Some by collecting tokens from turning in recovered paper. . It makes sense that people with fewer resources leave a smaller environmental footprint, if you will.

Environmentalism: A Modern Idolatry

Post-2010 the journal has concentrated on articles relating to issues of public debate and policy-oriented agendas.
