### Nominalization

Gerundive Nominal Exemplars Gerundive Nominal Example being Anna's being eager to please refusing Anna's politely refusing the food criticizing Anna's criticizing the paper Chomsky 1970 explains that derived nominals have the internal structure of a noun phrase and can be quite varied and distinctive. Most readers would say that sentence b is clearer than a.

### Nominalizations

Why should we avoid them? Nominalizations often create and, as a result, should be limited. If you do use abstract nouns in your writing, make sure that some other part of your sentence is doing significant work.

### Some common nominalizations

It's something that would be expected of someone getting band 7 or higher for grammar.

### Nominalization (Creating Nouns)

Writers often take advantage of nominalizations to link sentences together, in which a nominalized verb often preceded by a pronoun like this or that refers back to known information.
