## Nuclear Proliferation Challenges Facing the Biden Administration

This applies to the W87-1 and, if developed, possibly to the W93, the Future Strategic Missile Warhead, and SLCM warhead.

## Scientific steps to nuclear disarmament

Although all members of the Top Level Group share a common vision of disarmament, they believe that this can only be achieved on a multilateral and incremental basis.

## Front Matter

Columbia-class SSBN, meaning the missile may be in service until the 2080s. This rough symmetry makes confidence-building measures involving these capabilities more obviously beneficial to both parties. The capacities of the US and Russian nuclear weapon complexes to undertake irreversible warhead elimination are considered, as are the effects of increased transparency on international security.
