Treatise Cake Making

My sense is preventing guest workers from voting is not in the same category as say preventing all women from voting. When the hungry stomach is at Paris, and corn which can satisfy it is at Odessa, the suffering cannot cease till the corn is brought into contact with the stomach. Which of these three methods possesses the greatest advantages? You can send cake to Ludhiana to your near or dear one with ease.

The Best Scones in the Entire Universe

This reflects the culture of Spain some centuries ago when Latin America was colonized. Of the prepositions, there are about sixty now in common use. In the face of such results, would it not be the height of imprudence to renounce this moderate contribution from all her citizens, which, in fact, in the eyes of Europe, realizes their superiority and their glory? Tarts are everything that's good and wonderful about a pie, but in miniature.

Baking Science

Add the sugar and Golden Syrup and mix well.

The Best Scones in the Entire Universe

So a man's superiors or inferiors are persons superior or inferior to himself.

Baking Science

. So does SCOTUS, and so the 4th and 5th Amendments are now hollow shells.

Baking Science

One Scottish pound weight was equivalent to one pound, six ounces and one dram in Imperial weight. When will they ask why all ten of them can't work in her bakery? The word brethren is now applied only to fellow-members of the same church or fraternity; for sons of the same parents we always use brothers; and this form is sometimes employed in the other sense.

Hyperbole and a Half: Cake Versus Pie: A Scientific Approach

This is self-evident, therefore we shall say no more about it. This is what is not seen.

Treatise Cake Making

Specie, meaning hard money, though derived or corrupted from species, is not the singular of that word; nor has it any occasion for a plural form, because we never speak of a specie. The convenience of distinguishing, even to the eye alone, the numbers and cases of the noun, is found too great to be relinquished.
