Guo Moruo zai Shanghai : ji nian Guo Moruo dan chen yi bai zhou nian / Shanghai she hui ke xue yuan,...

During the , the ornate, artificial style of prose developed in previous periods was replaced by a simple, direct, and forceful prose based on examples from the Hundred Schools see above and from the , the period in which the great historical works of and were published. In the second inscription above, the word *yu f* occurs before the time division *dan M*. This excludes the possibility of an intercalary month between the eighth and tenth month mentioned in this example.

Guo Moruo zhu yi xi nian mu lu, 1949

Below is another example of *ming* as a time division. .

SearchWorks

In such cases, this writer will only analyze inscriptions of those periods in which those time divisions appear. The date introduced by *yu* is 10 days later than the other date.

SearchWorks

During the , the compilation of the 10th century — 11th century , begun by and completed by , represented a massive undertaking of written material covering a wide range of different subjects. But the most important reason for recalling this example is to discuss the sequence of the time divisions *su* and *dan* and the possible length of *su*.
