He held the post until 1828, when a sudden inundation seriously injured him and brought the tunnel work to a standstill that financial problems stretched to seven years. We will always remember the bright gleam in his eyes as they peered beyond the anxiety of today, looked afar to the future glory of his beloved Sydney where in his dreams he saw his mighty bridge spanning what he called 'God's noblest waterway'.

Books on Transportation Engineering

His father was a plumber and inventor, whose high-pressure fire-fighting hose was displayed at the Great Exhibition in London's Crystal Palace in 1851. It should also be of an immense use to practising Civil Engineers.
