Chapter 11 Bankruptcy Guide for Businesses/Individuals

Adjust the plan and outlook for 2020 as you know more about your business. Another common approach is for the business owner to file an individual Chapter 7 bankruptcy and wipe out the personal guarantee.

Small business bankruptcy guide

In 2002, I was forced to declare personal bankruptcy. A Chapter 7 bankruptcy will go on your credit report and stay there for ten years.

A Beginner's Guide to Business Bankruptcy

But if the business has little debt and some valuable nonexempt assets, it's likely that the trustee will dissolve the corporation or LLC and sell the assets.

Helpful Advice For Surviving Your Personal Bankruptcy

You cannot expect your lawyer to remember every important detail without some reminder from you. If the assets are nonexempt, the trustee is entitled to sell them to pay your unsecured creditors. Opinions expressed by Entrepreneur contributors are their own.

A Beginner's Guide to Business Bankruptcy

Business owners can file for Chapter 7, Chapter 11, or Chapter 13 bankruptcy, depending on their financial situation and on the type of company they have. Simply call us at now and tell us what you need us to do. There are six different chapters that bankruptcies can be filed under — each with different requirements and different goals.
