Итак, что же написал д-р Моуди о самоубийстве в своей книге «Жизнь после жизни»? According to Wikipedia, not everyone agrees that he committed suicide.

RealTime — AustraliaLucy Parakhina

After noting Cuvier's theory of catastrophism, Bihzad says: It is not unamusing to note that Louis Agassiz another student of Cuvier and opponent of evolution , in order to accommodate the evolution of faunas observed in the fossil record to the theory of the constancy of species, arrived at a bizarre theory that is in a class of its own and, if closely examined, sheer unbelief.

Spirit, Matter, and Life

Я не могу оставить этот предмет без рассмотрения его под эзотерическим углом зрения — места животного царства в системе мира и ответственности человека по отношению к животным. If you've read some of my previous posts, you may know that I have a

slight obsession with that store. It is like the kind of relation between a stronger and better developed stage of a thing to a weaker and less well developed stage of it.
