Exploratory Research Design

However, micro-business owners show strength in certain marketing areas but perform poorly in others. They are also being taught to young students as a way to introduce them to statistical thinking. Keywords: biochemical failure; focal therapy; high-intensity focused ultrasound; prostate cancer.

Perceptions of harm and addiction of snus: An exploratory study

The packages , , and included routines using , such as Quenouille and Tukey's and 's , which are nonparametric and robust for many problems. This is used to clarify research problems and hypotheses and to establish research priorities. Treatments were delivered in a quadrant or hemiablation fashion depending on the gland volume as well as tumor volume and location.

An Exploratory Study of Dose Escalation vs Standard Focal High

To gather the data a qualitative case study methodology was used, using documentations and interviews of four Irish micro-businesses. Abstract This research is an exploratory study based upon a casino player database, which seeks to examine casino market segment behaviors and to investigate whether any relationships exist between demographics and profitability.

Perceptions of harm and addiction of snus: An exploratory study

Propensity matching was used to ensure two matched groups, leading to 162 cases for this analysis.

database marketing and market segmentation in Las Vegas by Anson Liu

Follow-up occurred with 3-monthly clinic visits and prostate specific antigen PSA testing in the first year.

An Exploratory Study of Dose Escalation vs Standard Focal High
