## ASYLUM

Moreover, recognizing PWAs as disabled persons under the PDA is an excellent attempt at promoting social equality; it is questionable, however, whether the PDA actually mitigates the gruesome ritual slaughter of PWAs. It is also the result of the datedness of the Convention, couched in terms that still fit the male experience as individual political activists in many refugee-producing countries. Indeed, save for the limited scope provided by the 1988 , the area was a new one for the vast majority of members of the international community.

## EU Law Analysis: First analysis of the EU's new asylum proposals

What is spent on the world's 1. The reconstitution of families of legally established immigrants and refugees as defined by 1951 Geneva Convention relating to the status of refugees, by means of family reunion as well as the prevention of the forced separation of families are important elements of any policy of integration in the host society, and serve the interest of social cohesion.

## The Regime of Islands in International Conventions (Part 1)

It was also one of the first communist countries to accede to these instruments. International organized crime is still on the agenda, but the Member States have apparently given up on the idea of establishing a common definition of organized crime. However obvious their problems and however loudly creaking the asylum system, like other supporters the UNHCR sees challenging the Convention as a threat to the international protection framework that it has built up over the last 50 years.

## International Legal Responses to Piracy off the Coast of Somalia

The text submitted to the General Assembly was unchanged from that presented by the Working Group in the previous session of the General Assembly. While the EU is not proposing, as the wildest headbangers would want, to turn people back or refuse applications without consideration, the question is whether the fast-track consideration of applications and then appeals will constitute merely a Potemkin village of procedural rights that mean nothing in practice.
