## Working to Reduce Medication Errors

He agreed that more attention should be given to measuring and assessing the development impact of such technologies at the national and international levels. The Advisory Committee met on October 10, 2000, December 14, 2000, March 1, 2001, April 12, 2001, May 14, 2001, and July 19, 2001.

## Reports

We should do more to exchange terrorist information with trusted allies, and raise U. Some members also argued that investor protection concerns would not be raised by the failure to disseminate a market identifier, because customers that subscribe to an NBBO service do not make order routing decisions - the broker-dealers who do so would receive the full data stream, including market identifiers.
