Life of John Napier Essay Sample

A small booklet on the subject of creating pedigrees for families. Thorough history of the life of John Graham of Claverhouse, who was related to the first Marquis of Montrose.

Thomas Jefferson's Notes on Napier's Theorem, [ca. 18 March 18 ...

He was created a Peer, with the title of Lord Napier of Merchistoun, in 1627. .

John Napier of Merchiston

He was a strange person for his contemporaries, partly because of his extraordinary intelligence no to mention his late night walks in his night gown and cap.

Napier, John 1550

Napiers original canon is a table of logarithms of sines, and it was clearly Briggs original intention to calculate logarithms of sines also; it does not appear from the account he gives who it was who first suggested the tabulation of the logarithms of numbers instead of sines. As a person of high energy and curiosity, Napier paid much attention to his landholdings and tried to improve the workings of his estate.

Napier Book List

Napier's Mirifici logarithmorum canonis constructio 1620 , on the art of computing logarithms, was published posthumously.

John Napier

See Life, Writings, and Inventions of John Napier, by the Earl of Buchan and Walter Minto 1787 ; Mark Napier, Memoirs of J. Craig a Scotchman coming out of Denmark into his own country, called upon Joh.
