Self and World: Fichte's Addresses to the German Nation

As a professor, Fichte was duty-bound to deliver lectures on theoretical philosophy and epistemology. Such a course demanded considerable courage and determination, for the Addresses maintained the ideals of liberty and justice against the despotism of Napoleon in the very face of the French army of occupation. The System of Ethics in accordance with the Principles of the Wissenschaftslehre, ed.

Much like how Freud said where id is ego shall be, where nature is I shall be. Even as he was thoroughly revising his presentation of the foundational portion of his system, Fichte was simultaneously engaged in elaborating the various subdivisions or systematic branches of the same. Self-knowledge is only possible through this coming to understanding of the totality of the whole.

Johann Gottlieb Fichte, por ejemplo, proclama en términos más o menos mitológicos que la patria y el pueblo son representación y medida de eternidad terrena; son lo que aquí en la tierra puede ser inmortal.

Johann Gottlieb Fichte (Stanford Encyclopedia of Philosophy)

When our ancestors triumphed over Rome the eternal, not one of all these peoples was in existence, but the possibility of their existence in the future was won for them in the same fight. Even as he was engaged in this immense theoretical labor, he also tried to address a larger, popular audience and also threw himself into various practical efforts to reform university life.
