L'étude se penche en particulier sur trois ouvrages dévotionnels des premières décennies du XVI^e siècle : les Meditatyons for Goostly Exerccyse, in the Tyme of the Masse c. One imagines that scribes of this type must have been rather like 20th century typists who could not only render the words of the master in the appropriate medium of the day, but may have exerted a little influence over such matters as spelling, style and grammar; educated, undervalued and ultimately anonymous. The learning materials included range from grammar books to mystery plays, and from court records to monastic chronicles, as well as liturgical and devotional texts.

Sarah Rees Jones

As Derek Pearsall's introduction makes clear this is the primary focus of this collection of essays published in celebration of the thirtieth anniversary of the foundation of the Centre for Medieval Studies at the University of York. His writings encompass a broad range of subjects but he is best known for the lyric poems to his beloved and la Divina Commedia The Divine Comedy.
