The section on social class in Ireland is a little underdeveloped. By the end of the eighteenth century the cultural roots of the nation were strong, having grown through a mixture of Irish, Norse, Norman, and English language and customs, and were a product of English conquest, the forced introduction of colonists with different national backgrounds and religions, and the development of an Irish identity that was all but inseparable from Catholicism. Prior to 1989 hundreds of pirate radio stations were a mainstay of radio listener-ship, particularly in Dublin, and a handful of pirate stations continue to operate illegally today.
