hamburger

. By this point in reading the trilogy, you've probably decided whether you can bear with Guy Gavriel Kay's style or not -- whether you can be invested in his characters or not.

SUMMONING

But I'm going to be very honest with ya'll. Everything about this book is fantastic an This, the second novel of the Fionavar Tapestry trilogy, was truly amazing. Spine creases, wear to binding and pages from reading.

The Wandering Fire

But then, as they say, shift happens. Kevin sacrifices himself, but, like, he dies of orgasm as he impregnates the head goddess, right? Will include dust jacket if it originally came with one.

A Wandering Fire

A scapegoat is rarely the reason something happened. I enjoyed this book, but a little less than I did the first book. It is fantasy to think Bernie still has a shot.

The Wandering Fire (The Fionavar Tapestry, #2) by Guy Gavriel Kay

Rather, keep those sticky marshmallow memories tucked safely in your heart forever more. He's not content to be an average, dedicated soldier, because he's a main character and his friends all have nifty superpowers, or tragic histories, or something.
