. Symbolic language is a language in which inner experiences, feelings and thoughts are expressed as if they were sensory experiences, events in the outer world.

The forgotten language; an introduction to the understanding of dreams, fairy tales and myths. (Book, 1974)
[play.fridaynightfunk.rf.gd]

I like that he's more moderate in his interpretations of symbols than Freud, but I still can't get behind a lot of it. After starting out with the restricted aim of helping the neurotic patient to understand the reasons for his illness, Freud proceeded to study the dream as a universal human phenomenon, the same in the sick and in the healthy person.

The Forgotten Language: An Introduction to the Understanding of Dreams, Fairy Tales, and Myths by Erich Fromm

He opens up the world of symbolic language. Some terminology that may be used in this description includes: jacket Sometimes used as another term for dust jacket, a protective and often decorative wrapper, usually made of paper which wraps.

The forgotten language : an introduction to the understanding of dreams, fairy tales, and myths / by...

I guess I will have to read Jung next. He makes great hay over how dreams are justified later to be potent warnings against some immoral courses

of action. .

The forgotten language; an introduction to the understanding of dreams, fairy tales and myths. (Book, 1974)
[play.fridaynightfunk.rf.gd]

If they are made respectable as part of our religion, we give them a conventional and superficial acknowledgment as part of a venerable tradition; if they do not carry such traditional authority they are taken for the childish expression of the thoughts of man before he was enlightened by science.

The Forgotten Language. An Introduction to the Understanding of Dreams, Fairytales and Myths by Erich Fromm

But even if we assume that originally many or even all words had their origins in some such inherent connection between symbol and the symbolized, most words no longer have this meaning for us when we learn a language. I really showed me that there is a lot to say about the functions of dreams and dreaming in general. Fromm begins with a didactic on the history and theories of dream analysis, paying special but not exclusive attention to the ideas of Freud.

The forgotten language an introduction to the understanding of dreams...

Judging by its title, I expected a syntactic analysis of the dreamworld.
