Let's Teach About Islam in Our Schools

In some Muslim-majority countries, a woman can get a divorce relatively easily while in other countries it is much more difficult. Indeed, many Muslim-majority countries exercise this form of democracy, including Malaysia, Indonesia, Pakistan, Turkey, and Bangladesh, amongst others. They know in a second if your mind is preoccupied with something else.

Lesson Plans on Muslims and Islam

How do Muslims practice their faith? How do Muslims get married? There are also sizeable Muslim minorities in many other countries, including the United States and virtually all the countries of Europe, that are living Islam in their own unique situations. Part of the reason is the relatively modest number of Muslims in our country, preventing most Americans from forming the kind of friendships with Muslims that foster tolerance and understanding.

Teaching Kids About Islam

The major 'institution of learning' for each child is his family, and the major 'professors' of this institution are the parents. Your youth should be required to pray, because Allah says for them to pray, but you must also be open and willing to discuss why Allah would ask us to do that.

To dispel fear based on stereotypes or misperceptions, we recommend the which provides resources and ideas for getting to know people from diverse backgrounds.

Islam: Teaching the Basics

As was the case with previous ethnic and religious groups such as Jews, Catholics, Germans, Irish, and Japanese, this may turn out to be a prolonged struggle for civil rights; for African Americans or Latino Americans, this struggle is ongoing, and Muslim Americans join other groups in calling for an end to bigotry of any sort. Many different peoples and cultures have contributed to world civilization, and it is important to acknowledge all of them.

Islam

What are the sources of Sharia and how is it interpreted? This question is like asking whether there is a conflict between being a Christian and an American. These presentations not only provide authentic and accurate information about Muslims and their faith but also give audiences an opportunity to interact with a Muslim face-to-face, often for the first time. If by modernity one means the use of science, reasoning, and invention to improve our lives, all of these are in line with the Islamic philosophy that led to the flowering of scientific exploration and technological innovation at the height of Islamic civilization in the Middle Ages, commonly known as the Golden Age of Islam.

In some mosques, women pray in balconies above the prayer hall for men, and in some American mosques women pray in a space alongside that of men. As Penny Appeal, we recently put on the first ever British Muslim pantomime, and we also have the coming up, featuring nasheed artists, beatboxers and comedy.
