In 2016, nearly three out of every four women in working-age in the Nordic countries were taking part in paid work.

Globalization, Europeanization and the End of Scandinavian Social Democracy?

By the early 1980s, the Swedish model began to suffer from international imbalances, declining competitiveness and capital flight. They often have greater job security and make up around a third of the workforce more than 38% in Denmark. Nanang added that although the neoliberal transformation is taking place in Scandinavia and affects the prosperity of the region, it does not occur radically.

There was evidence that generous welfare policies could discourage the pursuit of higher-level education due to decreasing the economic benefits that college education level jobs offer and increasing welfare for workers of a lower education level.

Robert Geyer

First, the course will emphasize complexities and nuances in the effects of and debates over globalization and Europeanization; its analytics and empirics will be cast in greys instead of in black and white. Houndmills, Basingstoke, Hampshire : Macmillan ; New York : St. They point out that Nordic requires a strong to sustain the heavy redistribution required, arguing that it is idealistic to think similar levels of redistribution can be accomplished in countries with weaker labour movements.
