### Piasa bird

Archaeologists now have a much better understanding of Marquette's Piasa.

### Marquette's Piasa, history, legend and mythology.

Greene The Six Thousand Year Old Spacesuit, 1982 mentions several accounts of giant birds seen in the US, including a series of sightings centering on Alton, Illinois site of the Piasa painting. Fate, March 1954 in April 1948. The corroded metal sign was refurbished by the industrial art students.

### The Piasa Bird

The Alton Piasa pictographs are the first examples ever recorded in the region around the states of Illinois and Missouri.

### Piasa by Michael Kott

It is also possible that Marquette's description and Russell's account were both accurate for their respective times. It

which is why I don't want to judge too critically but I still wanna be fair.

### **Flight of the Piasa: Concert Band Conductor Score & Parts: Robert Sheldon**

Coleman of Alton saw the bird on April 24, 1948, and said it seemed to be as big as a Piper Cub plane. Hundreds of warriors attempted for years to destroy him, but without success. Some parts of Marquette's short description seem mysterious.

### **Piasa**

The earliest painting is reported to have been done in 1924 by Herbert Forcade who was eighteen years old at the time and a Boy Scout. The color red was made from iron oxide.

measures 48 feet long and 22 feet high! Shooting their arrows or guns at the Evil Manitou was to show their bravery, and ward off any troubles it may try to bring.

### **Marquette's Piasa, history, legend and mythology.**

To what depth they extended I was unable to decide, but we dug to the depth of 3 or 4 feet in every part of the cavern, and still we found only bones. The floor of the cavern throughout its whole extent was one mass of human bones.
