What is 'Keigo' in Japanese and when do you use it?

Very few foreigners take the time to learn Keigo so doing so will greatly increase your professional options in Japan. This courteous form of keigo is not often referred to and is used when your action does not directly involve the listener, but most likely the person you are talking to is someone to whom you want to be very polite.

29 Useful Japanese Keigo Phrases to help you out at Work

This style is to show greater than usual respect to someone of higher position — a superior, boss, elder or a customer — when speaking about them. The shogo titles are independent of dan level and do not effect it.
