The expulsions are being discussed but are not adequately described first, so the reader can only guess what all this is about. The Versailles Treaty gave away the areas in yellow.

Prussian Mennonites in the Third Reich and beyond : the uneasy synthesis of national and religious myths

I don't know what proportion of votes the Nazis obtained in Silesia, Pomerania or East Prussia. It is only after doing this that we will discuss what MacDonogh obscures.

Description: The Prussian Face of Jesus

.

Talk:Flight and expulsion of Germans (1944

It would be good if the discussion about the number was continued there, not under this headline. As a young man he was a dilettante who developed an early taste for expensive clothes, imported cigars and old brandy.

Key players in the slaughter of true Israelites German, British, Canadian and American : Stalin a.

Description: The Prussian Face of Jesus

For officers of the public security apparatus the name became the indicator of whether a given person was a traitor or not. Administrative

organisations were set up to integrate the expellees into post-war German society.

ethnic cleansing of Germans

Few young people speak Elsässisch today, yet the closely related Alemannisch is alive on the opposite bank of the Rhine, in Baden, and especially in Switzerland.
