Avatar (franchise)

Anglesey, like Avatar's Jake Sully, revels in the freedom and strength of his artificial created body, battles predators on the surface of Jupiter, and gradually goes native as he spends more time connected to his artificial body. The movie was released in traditional and. The bad news is, I threw my script in the garbage, literally, when I came back from the screening.

The Avatar by Poul Anderson

Neytiri shows Jake the spirit that every living thing has.

Avatar: Science Fiction, or Fantasy? And Why?

The energy unleashed by matter-antimatter destruction could be used directly as a propellant shot out of a nozzle at the rear of a rocket, or the antimatter could induce fission splitting of atoms or fusion building of atoms reactions in other materials to produce less, though still powerful, thrust.
