We confess the godly historic Episcopate as an inherent part of the apostolic faith and practice, and therefore as integral to the fullness and unity of the Body of Christ. BOOK EXCERPT: In July 2000, the General Synod of the Church of England passed a motion asking the House of Bishops to initiate further theological study on the episcopate, focusing on the issues that need to be addressed in preparation for the debate on women in the episcopate in the Church of England.

The historic episcopate in the fullness of the Church ; : seven essays by priests of the Church of England

The historic episcopate is the understanding that the Christian ministry has descended from the Apostles by a continuous transmission through the episcopates. The historic or historical episcopate comprises all episcopates, that is, it is the collective body of all the bishops of a church who are in valid apostolic succession. The survival of such a concept is traced through its Gregorian and early Irenaean distortions.
