CLAY TRADE PIPES No one knows for sure who made the first clay pipes.

Clay Pipes

Most of the artefacts were discovered where the foundations for the garage were dug out 1 on the plan. It must be emphasized that these figures are only rough calculations but they do provide some indication of the number of pipes the Rouses Point factory was providing to the American market. He was succeeded by his widow Joanna 1722—75 , who continued the tradition of pipe making in Puddle Dock Hill.

Smoking pipes made of clay

I owe a tremendous amount to the late I. Crétal-Gallard old clay pipe company in Rennes Joint venture of , , and ; est.

Museum of London Archaeology (MOLA) Datasets

Once they have cooled off, the pipes are finished and ready for a final quality control. .

Museum of London Archaeology (MOLA) Datasets

Daily production figures can be estimated by dividing the total annual production, 5,070,000 pipes, by the total number of work days, assumed to be 365. The courtyard extended from number 15 to 19 and beyond it the western end stretched across the rear of these properties then returned again to the Church Street frontage on land now covered by number 21 and continued into number 23 the remaining buildings 9, 11 and 25 still stand — an outbuilding stood behind the main building bordering on Middle Street.
