Susannah of the Yukon by Muriel Denison

For several years from that date about three hundred men mined in the region, but as the small steamer plying on the river could not bring provisions enough to winter more than one hundred in the country, the other two hundred had to make their way out, some up the river by poling their boats, very hard, difficult work, and some down to St. It was forty below,—seven and odd degrees of frost. In Paris, despite his wealth, Service chose to live as an artist on the Left Bank.
