**Nonindigenous Aquatic Species**

Published in the Eastern Region, Reston, Va.

**Mineral Resources Data System (MRDS)**

The final regular quadrangle series produced by the USGS is the 1:250,000 scale topographic series.

Filesize: 60.810 MB

### United States Geological Survey Library

At 49° north latitude, 49 square miles 127 km<sup>2</sup> are contained within a quadrangle of that size. Volume 40 1, November 2008. Search the USGS library for government publications, maps, digital books, aerial photographs, reports, and more.

### Nonindigenous Aquatic Species

More information about viewing, downloading, and printing report files can be found. This service provides a subset of the database comprised of those data fields deemed most useful and which most frequently contain some information, but full reports of most records are available as well.

### U.S. Geological Survey Library Catalog

Because of the importance of vegetation to climate-change studies we have include 17 spectra of tree leaves, bushes, and grasses. Available online at Sneed, Michelle, Stork, S.
