## Project MUSE

He sees him as a vision of his absent son Michael, and he invites him to sit down at the dining table and be a guest. A cultural history of the work of nineteenth-century black women writers, this volume traces the emergence of the novel as a forum for political and cultural reconstruction, examining the ways in which dominant sexual ideologies influenced the literary conventions of women's fiction, and reassessing the uses of fiction in American culture. The article therefore seeks to analyze the narrative functions of denoting sounds produced by clothing in the nineteenth-century French novel.

not mandatory; Oxford World's Classics editions tend to have the best introductions and annotations. Wells, Anna Julia Cooper--have become canonical, at least within certain discourses.

### **Project MUSE**

To flourish, Morrison suggests, conventional society needs an opposite pole. In turn, the black community, corrupted by white society, rejects Sula for her experimenting with her life, for trying to live free like a man instead of accepting the restrictions of the traditional female role.

### **Women Under the Spell**

He solves a puzzle or riddle to achieve his quest and confirm his identity. The two MacTeer sisters appeal to nature to help Pecola and her unborn baby, but nature fails them just as prayer did: No marigolds sprout and grow that year. Growing up in the Bottom, Sula creates an identity for herself, first from the reality of physical experience.
