

# Elektronnaia struktura fluororganicheskikh soedinenii

- - 134839351

Description: -

- Elektronnaia struktura fluororganicheskikh soedinenii

- Elektronnaia struktura fluororganicheskikh soedinenii

Notes: At head of title: Akademiia nauk SSSR. Sibirskoe otdelenie.

Institut neorganicheskoi khimii. Novosibirskii institut organicheskoi khimii.

This edition was published in 1988

Filesize: 57.22 MB

Tags: #The #electronic #structure #and #reactivity #of #alkenes

## The electronic structure and reactivity of alkenes

The corresponding structural parameters of alkenes are systematically compared with their reactivities.

134839351

The modern methods for the calculation of the electronic structures of alkenes are examined.

## The electronic structure and reactivity of alkenes

.

134839351

The ionisation energies of alkenes are presented. The bibliography includes 86 references.

134839351

The photoelectron spectra of alkenes are analysed and the relation between the properties of molecules and their orbital structure is discussed on the basis of experimental data and quantum-chemical calculations.

## The electronic structure and reactivity of alkenes

..
