Furniture making books

Wise, Sole Proprietor, Washington, DC, 1884 catalog. All are representative of their time, and many of the earlier designs have already gained iconic status. Document Filing Cabinet During the 19th century, documents particularly legal documents were often folded twice before being stored on edge with the flat portions of the papers parallel to the fronts of the drawers.

20 Books on Furniture Design

The Gentleman and Cabinet-Maker's Director, the most important and thorough catalogue of furniture designs that had ever been published in England, was enormously influential, spreading quickly throughout the Continent and the colonies and guiding the style and construction of furniture everywhere.
