Du'a al

A Prayer for Spiritual Elevation and Protection. Under the khedive , who ascended the throne in 1848, Western influences were suspect, and Ṭaḥṭāwī was sent to Khartoum now in Sudan , where he taught school. It is strictly necessary, however, at the time of its recitation, for there to be presence of heart, sincerity of intention, and diligent concentration.

Du'a al

The people in turn should conscientiously fulfill their duties as citizens, and the state should educate them to that end. The key to unlocking the secrets of this litany lie in those authorisations. It is said that whoever reads it with sincerity of heart and utter conviction, while making a specific plea, will have their wish granted.

Du'a al

The one who recites this prayer is described as the sun and the moon amongst the stars. .
