Mean sea level trends around the English Channel over the 20th century and their wider context

Records of Reich Office for Soil Exploration 1961 , 11 pp. The descriptions are of representative records of the U.

UK Government funding to support Scotland's entrepreneurs could create 'hundreds of green jobs'

The textual, cartographic, and photographic documents described show the manner in which the General Land Office accomplished its mission and the impact of Federal Government policies on the people and lands of the trans-Mississippi West, which consists of the contiguous states between the Mississippi River and the Pacific Ocean. Much of this resource is in mature developed areas and under consideration for development.

Records of the Reich Air Ministry 1959 , 34 pp.

Home Page of the Continental Records Company Ltd

II 1967 , 150 pp.

Home Page of the Continental Records Company Ltd

Ninian was estimated to contain over one billion barrel of recoverable oil reserves as of 2010. III 1963 , 198 pp.

BGS maps portal

Records of Headquarters, German Armed Forces High Command, Pt. Records of German Field Commands: Rear Areas, Occupied Territories, and Others, Pt.

UK Government funding to support Scotland's entrepreneurs could create 'hundreds of green jobs'

This report provides accident data for both fixed and floating offshore installations in the period 1990 to 2007. The Machar field is tied back to the ETAP central processing facility CPF through a 36km long and 12in diameter pipeline. I 1959 , 19 pp.
