The Southern Highlander

Still should hold your interest if this something you'd be interested in.

Southern Highlander

He has almost lost body parts while climbing these 8,000-meter peaks because the oxygen is so low, the temperatures even lower. You can travel cheaply when you travel alone.

Our Southern Highlanders

We went back out along the Appalachian Trail to make a complete loop.

Menu

Our first night of camping was peaceful and we were joined by two fellows finishing their journey. He heaved until there was no more hoe to heave.
