STP790 Single Ply Roofing Technology

Klimas, GAF Corporation, and H. As such, he works to champion energy conservation in buildings while educating the building owners and designers about the benefits of energy conservation such as durability, comfort, reduced maintenance, reduced HVAC equipment costs and the positive impact on the environment.

STP790 Single Ply Roofing Technology

It takes approximately 30 minutes to complete; however, users are free to participate as they choose on their own schedules. The symposium was sponsored by ASTM Committee D08 on Roofing, Waterproofing, and Related Bituminous Materials and organized by D. To ensure a performing system, proper design, detailing and ultimately the proper installation of these systems is extremely important.

Single Ply Roofing Technology Presentation and Demonstrations

Greason, Dow Chemical Company, Bernard Jones, United States Bureau of Reclamation, J.

ERA to Present at Canadian Roofing Technology Symposium

When it comes to optimizing freedom of design, durability and performance in industrial roofing, single ply technology has firmly established its leading position in the construction industry. Laverne Dalgleish is the Executive Director of the Air Barrier Association of America ABAA.
