Amish And Childbirth: 15 Differences That Will Shock Moms

Marital Changes When the first baby arrives, your marriage typically transitions from a partner-focused relationship to a baby-focused relationship. Life will change, which means attention to affection physical and emotional will change also. Sometimes, when the pressures of upcoming fatherhood and the monotony of post-delivery days roll together, the appeal of an easy, carefree interaction is too enticing for some.

Postpartum Depression and the Baby Blues

Professionally, she felt like a failure.

Amish And Childbirth: 15 Differences That Will Shock Moms

If you've given birth, your most obvious changes are in your body. This also gives the other parent a breather, time to recharge through a nap, tackle a hobby or project, or enjoy a much-needed lunch with friends. Each of you needs to have private time with the baby to bond and develop your own relationship with your new child.

How a New Baby Can Affect the Parents' Relationship

Interesting fact: Amish women have a higher incidence of twin births than the normal population, without using fertility treatments. There has been a slight drop in Amish family size, which is making some outsiders wonder if birth control has become a little bit more accepted within the community.
