Dorsey, of the Bureau of Mines, from records of the Bureau of Foreign and Domestic Commerce.

U. S. GEOLOGICAL SURVEY BULLETINS #900

This is entirely inexcusable in the Western Kentucky district, where the lodes have ore shoots, at more or less regular intervals, along their entire course, also in depth. Sehr attraktiv sind langgestreckte Quarze, deren Kappen mit radialstrahligem Willeit bedeckt sind, auf denen wiederum violette Fluoritkuben sitzen. .
