Labor Movement

A labor union, or trade union, is an organization of workers who have joined together to achieve goals in areas such as wages and working conditions. We have, however, no particulars as to their associations, which were probably ephemeral Sykes' Local Records ; Richardson's Local Historian's Table Book ; Gentlemen's Magazine, 1750. Ingram Address to the Trades Union Congress at Dublin, 1880.

Labor Movement

The House would as a rule appoint a Committee to investigate the complaint, with the full intention of redressing the alleged grievance. Management should encourage internal workers to lead their own movement.

An introduction to trade unionism; being a short study of the present position of trade unionism in Great Britain : Cole, G. D. H. (George Douglas Howard), 1889

The strike by African miners prompted European mine workers to form their own union to protect their interests from the threat posed by African mine workers. Besides the semi-servile workers on the land or in the mines, it is certain that there were in the towns a considerable class of unskilled labourers, excluded, through lack of apprenticeship, from any participation in the gild. We may agree, on the one hand, with Dr.
