The essays in this book reappraise the wisdom of this. The authors claim that this positive idea of sovereignty as self-determination remains integral to politics both at the domestic and international levels.

Politics Without Sovereignty

Curiously, the defense of state sovereignty has so far amounted to little more than the bland reassertion of analytical state-centrism. Instead, they argue that there is a close link between individual agents, sovereign states and human liberty. The book is the culmination of an intellectual project that has been going for over a year, the chapters in it have been refined in seminars and conferences.
