The match between the two sides was suspended until the following day after players from both sides walked off the pitch following the incident. © 2021 ESPN Internet Ventures.

### Istanbul, Turkey

This was not a regular prayer session for religious reasons but rather a scare tactic: the sight of the entire Ottoman army getting on their knees to pray provided an intimidating display of unity to the Byzantine forces designed to overcome their minds before their bodies. In the final years of the Byzantine Empire, the population of Constantinople had fallen steadily, throwing the great imperial city into the shadow of its past glory.

### Istanbul

Byzantium was rebuilt by the and quickly regained its previous prosperity, being temporarily renamed as Augusta Antonina by the emperor, in honor of his son. During his reign he extended the Byzantine Empire to its largest boundaries spreading from Palestine to the tip of Spain. Most of these walls still stand.

### Istanbul Tourist Pass

Contunico © ZDF Enterprises GmbH, Mainz The and Atatürk bridges cross the Golden Horn to Beyoğlu. Intact, these walls had 110 towers and

14 gates. For most of those years it was one of the most coveted cities in the world.

### **Istanbul Tourist Pass**

In several quarters of the city pious foundations were created; these areas consisted of a theological college, a school or a Madrasa, usually connected to the mosque, a public kitchen, and a mosque. Restaurants are open just for takeout or delivery during the week, and only delivery on weekends.

### **Is Istanbul on Your Post**

The city by 1453 held less than a tenth of its former population.
